

# Pratt County Health Department

## FLU SEASON 2020-2021

---

### Flu Vaccines Offered:

#### Fluzone Quadrivalent

- 6 months old and older: **\$40**
- Fluzone protects against four different flu viruses.
- Fluzone is preservative free.
- Available to Medicaid and private insurance patients.

#### Flublok Quadrivalent

- Adults 50-64 years old: **\$80**
- Flublok is 100% egg-free
- Flublok is highly purified and preservative free.
- Three times more antigens than traditional flu vaccine.
- Available to private insurance patients only.

#### Fluzone High-Dose

- Adults 65 and older: **\$80**
- Fluzone HD Vaccine is preservative free.
- Will bill Medicare for vaccine.

**FLU CLINIC FRIDAY** - We will be hosting a Flu Clinic every Friday in October from 8:00am – 11:00am at the Health Department, 712 S. Main Street.

No appointment necessary for flu vaccines for anyone 3 years of age and older. Walk-ins are welcomed.

We will allow adult individuals (50 years +) to remain in their vehicle during their flu shot per their request. Call (620) 672-4135 to make a request.

We prefer appointments for all other vaccines and services.

**We will submit all vaccines to the patient's insurance. Patients will be financially responsible for what their insurance does not cover. It is the patient's responsibility to know what their insurance will/will not cover prior to their vaccination.**

**For more information, please call the Pratt County Health Department at (620) 672-4135.**
